

Corporate Yacht Club

The Inspiration may be rented to cruise the harbor or to stay dockside. If you choose to cruise the beautiful San Diego Bay, our professional staff will ensure your utmost entertainment, convenience, and safety. Additionally, upon your request, Corporate Yacht Club will display your company banners on the yacht during your cruise, advertising your business to all that see the yacht while cruising San Diego harbor from Point Loma to downtown to Coronado. This valuable exposure is an added perk! Or if you'd rather enjoy the convenience and beauty of the Sheraton Harbor Island Resort Hotel and Marina for your special day or event instead of taking a harbor cruise, then the dockside outing is the right setting for you. We can accommodate your most detailed needs while the yacht sits dockside, providing an animated party in a peaceful setting. Once you become a member of our Yacht Club, your personal cruise is just a phone call away. Our professional, licensed captain and courteous crew will cater to your every need, making your cruise a memorable one!
